

ASPEN/PITKIN COUNTY AIRPORT

Pitkin County Invites Applications for
Assistant Aviation Director

Aspen Airport (ASE)

Aspen, Colorado

Executive Search Services Provided by ADK Consulting & Executive Search

The Airport

Aspen Airport (ASE) is a commercial service airport experiencing explosive growth in commercial flights. Flights have increased 26% YTD since 2016 and enplanements total 250,000. United, Delta and American service ORD, MSP, ATL, DFW, IAD, PHX, SLC, LAX, SFO, and DEN. ASE's operational budget for 2018 is \$10,019,957.

Atlantic Aviation operates the airport's FBO. Aircraft Maintenance is offered by West Star Aviation, and Mayo Aviation is an aircraft charter company based at the airport. The airport also has a restaurant, gift shop, and several rental car companies.

Aspen airport is entering one of, if not the most dynamic periods in its 70-year history. The FAA just issued ASE a FONSI for its Environmental Assessment which clears a path for major airport developments pending community dialogue.

First, relocating the runway to meet Group III design standards, allowing larger jets and the new generation of regional jets. Second, building a new commercial service terminal cleared for 140,000 square feet replacing the existing 47,000 square foot terminal.

Additionally, the airport has Master Plans under consideration by county commissioners to redesign and relocate the terminal area entrance roads, public and employee parking lots, and ground transportation areas. ASE's ARFF index would upgrade to C. The development is estimated to be \$400,000,000.

There are 49 employees at the airport. This is an exciting era to become part of TEAM Aspen Airport. Several "new" key leadership positions have been created and will be advertised in the coming months beginning with: The Assistant Aviation Director, Directory of Facilities, Director of Safety and Security, and Director of Program Management.

About Aspen

Aspen is a place that famous songwriters have immortalized in their music. It is home to world class skiing, arts and cultural events, and a world-renowned intellectual think-tank. Aspen's 360-degree beauty challenges photographers to capture every season and breathtaking view.

Situated high in the Rocky Mountains and located 200 miles southwest of Denver, Aspen was named for its abundance of aspen trees. Originally a summer hunting camp for the Ute Indians, it saw its first white settlers in the 1870s, when the area became a mining camp, a part of the famed Colorado Silver Boom.

The city is now a world-renowned ski resort, as well as a tourist and cultural center. Downtown has been largely transformed into an upscale shopping district that includes high-end restaurants, salons, and well-known boutiques. To Aspen's credit, the city has closely protected its robust history and architecture, with its multicolored, gingerbread Victorian era homes and commercial buildings. These "painted ladies" create a fascinating and vibrant downtown, defined by the surrounding majestic mountains.

With more than 300 days of sunshine a year, Aspen is a destination for outdoor enthusiasts year-round. Favorite activities include alpine and cross-country skiing, skiing, snowboarding, whitewater rafting, hiking and biking, and in the fall, horseback riding through dense yellow aspen groves on the mountain side.

Aspen's 360 Degree Beauty

About Aspen *(continued...)*

In the late 1940s, skiing arrived in Aspen as did modern day founders Walter and Elizabeth Paepcke. With a vision for the community that focused on Mind, Body and Spirit, the Paepckes helped Aspen begin a civic and cultural renaissance - one that continues to this day. There is an endless array of things to do and special events. No wonder Aspen is visited by people from all over the world.

Events

A season does not go by in Aspen without a community event to look forward to. Kicking the year off in style is Aspen's Winterskol™ celebration in January toasting winter with artistic snow sculptures, fireworks and even a Canine Fashion Show! Enjoy fine food and wine, then make plans to attend the annual FOOD & WINE Classic in Aspen every June. Featuring food, wine, and spirit superstars, Aspen becomes the top destination to discover the latest in culinary trends. And Aspen's Old Fashioned 4th of July Celebration takes patriots old and young back to a time when neighbors and new friends gathered to commemorate the founding of our country. Closing out the summer season, art enthusiasts will enjoy a variety of mediums created by nearly 175 artists in Aspen's spectacular summer mountain setting during the Aspen Arts Festival in July.

THE MOUNTAIN:

Aspen Mountain, with its famous black-diamond terrain, has kept Aspen on the map since 1947.

With breathtaking 360-degree views of the Maroon Bells and an abundance of expert terrain as well as groomed cruisers, it's no wonder Aspen Highlands has been the locals' favorite for over 50 years.

Buttermilk built its 50-year legacy on wide-open and gently rolling trails that cater to beginners and families. It has been voted #1 by Transworld Snowboarding Magazine Reader's Poll for best park and pipe.

The Position

Under the direction of the Airport Director, this position is responsible for day-to-day operations of the Aspen/Pitkin County Airport. In the absence of the Director, this position performs the duties of the Director.

The Assistant Aviation Director:

- Leads, directs, and is responsible for the day-to-day management of the Aspen/Pitkin County Airport. Leadership and oversight of operations, including facilities, safety and security, tenant relations and the FBO.
- Directs the operations of Aspen/Pitkin County Airport, coordinates with the Federal Aviation Administration, the Transportation Security Administration, and the State of Colorado Department of Transportation Bureau of Aeronautics.
- Is responsible for implementing the Director's initiatives for the Aspen/Pitkin County Airport.
- Ensures that the Aspen/Pitkin County Airport complies with all Federal Aviation Regulations and Part 139 standards.
- Participates in the negotiation and implementation of leases and contracts with airport tenants.
- Assists in developing the preparation of the annual budget, including the establishment of rates and charges.
- Attends appropriate meetings of the Board of County Commissioners and other meetings as requested by the Director.
- Supports the relationship between Pitkin County government and the public by demonstrating courteous and cooperative behavior when interacting with citizens, visitors, and County staff; maintains confidentiality of work-related issues and County information; performs other duties as required or assigned.
