CVG Background

At CVG we are deeply committed to our mission of becoming the airport of choice to work for, fly from and do business with. To do this we foster a culture of teamwork, innovation and continuous improvement.

The Airport Board sets the policies by which the airport is operated, to ensure that CVG remains a first-class facility for the traveling public and an economic catalyst for the entire region. The executive team is responsible for implementing the policies of the board, while ensuring an environment that appreciates individuality and diversity.

Over the last four years CVG has made some of its greatest gains in over a decade, with local passenger traffic growing 42%. DHL's hub has helped make CVG the 8th-largest cargo airport in North America. While we are proud of the airport's many successes, CVG is more than capable of reaching even greater heights in the years ahead.

Our new five-year strategic plan commits CVG to remaining an essential part of the region's overall growth and success. If this sounds like the environment for you, we invite you to take off with us.

Operational Excellence

CVG sets high standards for customer service and safety. We're thrilled that passengers have repeatedly rated CVG as one of the top regional airports in North America in surveys by London-based SkyTrax. In addition, CVG is the first airport to receive Safety Act certification from the Department of Homeland Security for achieving the highest levels of compliance.

Air Service

CVG remains the premier airport in the Tri-State region, offering more than 170 daily departures to 55 cities — more than any other airport in the region. CVG's efficient airfield and competitive landing fees are among the reasons DHL has chosen CVG for one of its three global super hubs — processing millions of pounds of cargo to and from Asia, Europe and Latin America nightly. Amazon's \$1.4 billion cargo hub is set to open at CVG in 2019.

Community Focused

Community is at the heart of everything we do at CVG, whether it's helping to support jobs and grow the economy, showcasing the many things that make the region great, or acting as a socially-responsible neighbor. Growing and strengthening our own business is paramount. A new Use and Lease Agreement with our airline partners has prompted both Moody's and Fitch to upgrade CVG's bond rating, reflecting the airport's strong financial position.

Economic Driver

CVG is a vital component of our region's economic health, showcasing the strength and vibrancy of the region on a national and global stage. The airport has an annual economic impact of \$4.4 billion, which is generated by employing more than 8,500 people directly, while operations and related tourism support more than 31,000 total jobs in the metro area.

CVG of Tomorrow

Our five-year strategic plan positions CVG to remain an essential part of the region's overall growth and success.

Our Goals for 2021:

- 9 million total passengers
- 350 acres of land leased for development
- \$5 billion annual economic impact
- New state-of-the-art rental car facility
- Service quality ranking superior to peer airports
