

The Bishop International Airport Authority Announces Selection of Deputy Airport Director, Operations & Maintenance

Joseph J. Medici, A.A.E.

FLINT, MI – Following a nationwide search, the Bishop International Airport Authority has selected Joseph J. Medici, A.A.E., to be the new Deputy Airport Director, Operations and Maintenance at the Bishop International Airport (FNT). Medici is slated to begin his new role in mid-October, 2015.

As the Deputy Airport Director, Operations & Maintenance, Medici will report to the Airport Director and in this position he will plan, organize, and direct the day-to-day activities of all maintenance, operations, engineering, and public safety functions of the Airport Authority. He will also coordinate related activities with all tenants, federal, state, local agencies and other related aviation user groups.

As a seasoned airport professional, Medici brings almost 30 years of industry experience to his new position at FNT. Most recently, he served as the Planner Principal for the Aviation Department of Austin, Texas, where he developed the Austin-Bergstrom International Airport Capital Improvement Program (CIP) for the previous five years. Prior to his work with the Aviation Department in Austin, he worked with American Airlines and was also a flight instructor.

“Joe Medici brings to Bishop International Airport a broad range of experience and professional accomplishments,” said Craig Williams, Bishop International’s Airport Director. “The Airport will clearly benefit from his background in airport operations, planning and capital development. I am thrilled to have him join our leadership team.”

“I am truly excited and honored about the opportunity to join the team of dedicated professionals at Bishop International Airport,” says Medici. “It is apparent that the FNT staff takes great pride in providing passengers an exceptional level of customer service and a safe, comfortable, and friendly airport experience. I look forward to being a part of such a team.”

Medici holds a Bachelor of Arts degree in Communication from the University of Texas at Arlington, and a Master of Aeronautical Science degree from Embry-Riddle Aeronautical University. He is also an accredited airport executive (A.A.E.) through the American Association of Airport Executives.

Medici enjoys spending time fishing, playing racquetball, and pursuing his artistic endeavors as a woodworker.

This search was conducted by ADK Executive Search, a retained executive search firm specializing exclusively in searches for the aviation community.
