

MANY MODES OF TRANSPORTATION, ONE WAY FORWARD

Kentuckians for Better Transportation Invites Applications for Executive Director

Frankfort, Kentucky (KBT)

About KBT: Kentuckians for Better Transportation (KBT), a statewide transportation association, has a long history of educating and advocating for all modes of transportation in Kentucky.

KBT was formed in 1977 by a group of individuals representing the aviation industry, the rail industry, public transit, the highway, road and bridge construction industry as well as the barge industry. These individuals understood the importance of a multimodal, interconnected transportation network. Since 1977, the organization has grown to more than 300 members who continue to represent all modes of transportation across the Commonwealth including air, local streets and roads, highways, bridges, rail, public transit, and Kentucky's ports and river industries.

Additionally, KBT members include representatives of local governments, chambers of commerce, and manufacturing, banking, insurance, and logistics companies that depend on a safe, efficient transportation network.

Mission: KBT educates and advocates for all modes of transportation to provide a safe, sustainable transportation network that brings economic growth and improved quality of life for all Kentucky communities.

Governance: KBT is governed by a Board of Directors whose members represent all modes of transportation, local elected officials, chambers of commerce, agricultural organizations, logistics companies, major manufacturers, and transportation system service partners. The KBT Board hosts quarterly meetings to discuss issues that impact Kentucky's transportation network. Candidate will effectively represent the interest of the membership and will strive to enhance membership value and increase participation.

Advocacy: KBT advocates for a safe, sustainable transportation network at both the state and federal level. Advocacy initiatives include securing funding for air transportation, funding Kentucky's local road, highway and bridge network, funding for safety improvements to at-grade rail crossings, funding for Kentucky's public riverports, and funding for Kentucky's public transit providers. The Executive Director will register as a lobbyist on behalf of KBT. Candidate will be expected to travel across the State to meet with members in their places of business and local communities to promote the goals and initiatives of KBT.

Education and Events: Each year, KBT organizes and hosts the Annual Kentucky Transportation Conference, the only annual event of its kind in the Commonwealth.

Additionally, KBT hosts a two-day Washington, D.C. Fly-In in mid-May and hosts a Mid-Year Review in June. Candidate shall represent KBT at various events, provide education and presentations as appropriate, and arrange speakers, sponsors and donors for activities and events.

The Ideal Candidate

The Ideal Candidate is an accomplished, results-driven executive who has exceptional leadership, interpersonal and communication skills. Candidate should have a proven track record of building strong, collaborative relationships with stakeholders of all types, including but not limited to board members, general members, legislators, and staff. Candidate should have demonstrated sound decision making abilities that resulted in advancing the promotion, growth and contributions of the organization. Qualifications include a bachelor's degree or higher in business, political science, pre-law, engineering, related field, or equivalent skills gained through experience. Knowledge of the legislative process for state government, the general assembly, the United States Congress, and strong experience in public relations and communications is preferred, as is experience working in an advocacy role with state and federal government entities. Association administration and knowledge of Kentucky State Government and Kentucky General Assembly are desirable.
