

Kentuckians for Better Transportation Name New Executive Director

Leslie Combs

LOUISVILLE, KY – Kentuckians for Better Transportation, a statewide transportation association that has a long history of educating and advocating for all modes of transportation in Kentucky, has announced the hiring of Leslie Combs as its Executive Director. She began her new position on April 26.

“KBT has found an experienced leader not only in transportation but a leader for all of Kentucky,” said Rod England, KBT Chair. “Leslie brings legislative experience to KBT after serving for 10 years as State Representative in the Kentucky House for the 94th District.”

While serving Kentucky as Representative, Ms. Combs was Vice Chair of the House Transportation Committee and Chair of the House Budget Sub-Committee on Transportation. With this experience, she has a long record of supporting all modes of transportation. Prior to serving as State Representative, Ms. Combs was Chief Financial Officer/Vice President, Administrative Operations for Pikeville College (now UPIKE). After retiring from the House of Representatives, Ms. Combs continued to pursue her passion for transportation in Kentucky by promoting P3 partnerships throughout the United States.

“I am very excited about this new opportunity with KBT,” said Ms. Combs. “It allows me once again to be intricately involved in advocating for areas so critical to our Commonwealth.”

Ms. Combs’ experience and passion for transportation is unmatched and provides KBT a unique advantage of having experience in transportation issues from both the legislative and private business sides. This knowledge base will allow Combs to lead KBT into the next legislative session, which is critically important not only to Kentucky’s transportation industry but to all Kentucky citizens.

Ms. Combs received a bachelor’s degree in Business Administration/Accounting from Transylvania University.
