

Crawford, Murphy & Tilly Announces New Project Manager in Aviation Planning

Nick Brown, C.M.

Dayton/Cincinnati, OH – Crawford, Murphy & Tilly has appointed Nick Brown, C.M. as the new Project Manager in Aviation Planning. He began his new position at the beginning of January.

Mr. Brown brings over 12 years' experience in airport master planning, airfield planning and terminal planning for airports throughout the United States, Latin America, Europe, Asia, and Australia.

Most recently, Mr. Brown was a Managing Consultant with Landrum & Brown, Inc. He has also served as the Principle/Pilot with Cinci Aerial Photo, LLC.

"I am looking forward to becoming a member of the CMT team and building new relationships not only internally, but with their family of airport clients as well," said Mr. Brown. "I hope to bring my industry experience and perspective to bear while serving those clients as well as help to expand CMT's footprint to new clients throughout the U.S."

Mr. Brown received a bachelor's degree in Aviation Management from Purdue University and is a Certified Member (C.M.) of the American Association for Airport Executives (AAAE). He is a licensed commercial pilot.

This national search was conducted by ADK Consulting & Executive Search, a retained executive search firm.
