

## Clark County Department of Aviation Announces New Airport Strategic Planning Manager

Roben Armstrong

LAS VEGAS, NV – The Clark County Department of Aviation has appointed Roben Armstrong as Airport Strategic Planning Manager. In this role, she is responsible for planning and directing the airport’s strategic, innovative and long-range goals; conducting comprehensive organizational reviews to identify strengths, weaknesses, and opportunities, and evaluating operational effectiveness. Ms. Armstrong also oversees the strategy and planning staff, develops and implements policies and procedures and ensures overall service effectiveness in areas of responsibility.

Ms. Armstrong brings more than 16 years of experience in transportation planning and management with extensive knowledge of environmental planning and policy development. She served as Aviation Lead with HDR Engineering for 10 years from 2008. She also worked for the Metropolitan Transit Authority in Houston, Texas as a Senior Environmental Planner/Environmental Planner II. Ms. Armstrong earned a Bachelor of Science in Aviation Science Management and a Masters of Science in Transportation Planning & Management from Texas Southern University.

“I am excited to join this dedicated team of highly qualified professionals at the Clark County Department of Aviation (CCDOA),” said Ms. Armstrong. “I know that the employees are dedicated to ensuring that an excellent customer experience is maintained as record-setting passenger growth continues. I am not only excited about the future of CCDOA, but also about becoming part of the Las Vegas community.”

This national search was conducted by ADK Executive Search, a retained executive search firm specializing exclusively in searches for the aviation community.
