

## The City of Portland Announces New Operations Manager

**Tim Reid, CM**

PORTLAND, ME – The City of Portland has named Timothy Reid, C.M., as the new Operations Manager for the Portland International Jetport (PWM). In this position, Mr. Reid will manage and oversee all aspects of the Airport Safety Management System, environmental compliance, and relations with the community. He will begin his new position January 6, 2020.

Mr. Reid has a strong background leading operations, initiating change and redesigning processes to increase the efficiency of operations to improve company-wide compliance. Most recently, he was the Deputy Executive Director for Wavelengths Recovery, LLC. He has also served as Airport Manager for Delta County Airport; Freight Conductor / Remote Control Operator for Union Pacific Railroad; Deputy Director of Aviation for Cheyenne Regional Airport; and Senior Airport Operations Specialist for Rocky Mountain Metropolitan Airport.

“Portland International Jetport’s mission and work to become a leader in safety and environmental consciousness made it a very easy choice,” said Mr. Reid. “The community is vibrant and growing, as well as the airport. The leadership is strong and from diverse backgrounds which reflect in the organization’s approach to the unique challenges facing the airport management profession.”

Mr. Reid graduated from the University of Wyoming with a bachelor’s degree in Psychology and from Embry-Riddle Aeronautical University with a master’s degree in Aeronautical Science. He is a Certified Member (C.M.) of the American Association of Airport Executives and holds a commercial pilot certificate.

This national search was conducted by ADK Consulting & Executive Search, a retained executive search firm.
