

The Port of Seattle Announces New Terminal Planner

Tucker Field

SEATTLE, WA – The Port of Seattle has appointed Tucker Field as Terminal Planner for the Seattle-Tacoma International Airport (SEA). In this role, he will develop and analyze alternatives to provide operational solutions and capital project recommendations to accommodate growing airport activity with a high level of customer service.

Mr. Field has worked for the Clark County Department of Aviation for 12 years, most recently serving as Airport Facilities Planning Program Administrator. In this position, he was responsible for the provision, improvement, and expansion of airport facilities at the five Clark County-owned and operated airports. Previously, he was a Planner/Management Analyst II. He begins at SEA on August 6, 2018.

"I am truly excited to join the Port of Seattle team and help contribute to the ongoing Sustainable Airport Master Plan (SAMP)," said Mr. Field. "I also look forward to assisting Sea-Tac as it continues to meet its growing demand while serving the surrounding community through sustainable initiatives and strategies."

Mr. Field earned a Bachelor of Science degree in Aeronautical Science from Embry-Riddle Aeronautical University. He also holds a commercial pilot certificate (AS/AMEL, IR).

This national search was conducted by ADK Executive Search, a retained executive search firm specializing exclusively in searches for the aviation community.
