Miami, FL

EXECUTIVE SEARCH SERVICES PROVIDED BY ADK CONSULTING & EXECUTIVE SEARCH

luis vidal + architects

luis vidal + architects is an internationally renowned practice that delivers environmental innovation and high-quality projects, thanks to its leading vision in design. Since its foundation in 2004, the practice has opened offices in Spain, the United Kingdom, the Dominican Republic, Chile, and the United States, and designed more than 200 projects of all scales.

With an international staff of over 180 professionals with solid training and experience in various disciplines, luis vidal + architects has become a world reference in airports and hospitals, but also in the design of museums, cultural and educational centers, large offices, business parks, commercial areas, mixed-use complexes and Masterplanning. These projects are characterized by significant real estate impact and revaluation, enhancing user experience while respecting the environment. The work of luis vidal + architects has been internationally recognized and awarded on over 50 occasions. Heathrow Terminal 2 was selected as the World's Best Airport Terminal at the 2018 Skytrax awards and the Best Public Building on the World in 2017.

The flexibility of spaces that allow buildings to respond to client needs with maximum user comfort and outstanding energy efficiency are some of the values that characterize any building designed by luis vidal + architects. All of their built projects have internationally recognized environmental certifications, such as LEED and BREEAM. This includes Heathrow Terminal 2, recognized as the first BREEAM Excellent airport in the world; Palmas Altas Technology Centre, first LEED Platinum office buildings in Europe; and Loyola University Campus, first LEED Platinum educational facility in the world.

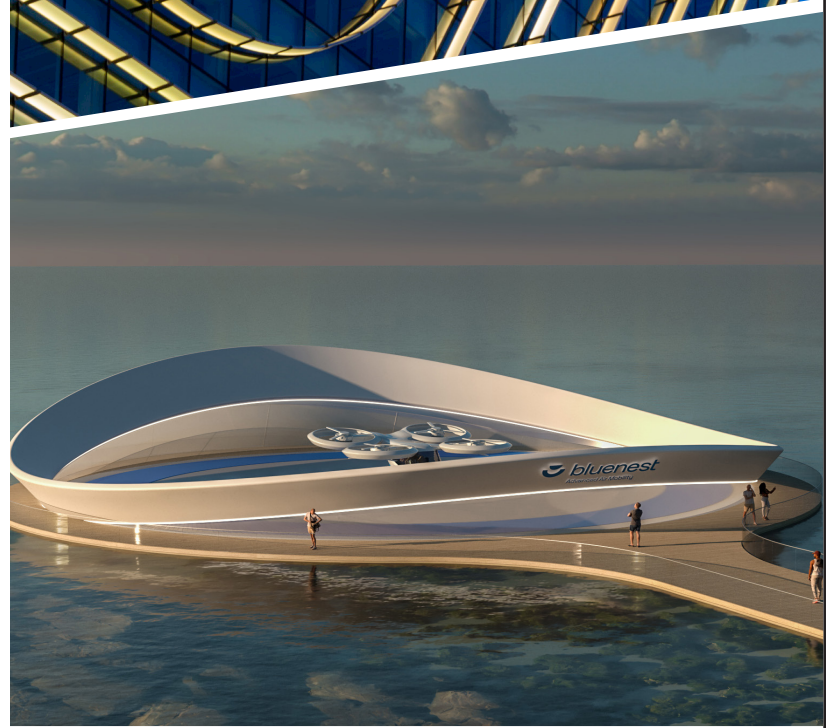

luis vidal + architects *(continued)*

From its Miami office, the practice is leading the vision and concept of some of the most important airport terminal projects in the country, particularly Pittsburgh International Airport, Boston Logan International Airport, Dallas-Fort Worth International Airport, Fulton County Executive Airport, Saint Thomas International Airport and the Colorado Space and Air Port.

Bold design, international experience, and a profound user knowledge are essential for the design of infrastructures such as airports, and have been some of the key elements in luis vidal + architects' success in the U.S.

The Magic City

Dubbed “The Magic City,” Miami is one of the most vibrant metro areas in the U.S., and it’s well on its way to becoming one of the largest international business hubs in the world. In Miami, each neighborhood reflects its diverse communities and adds to the character of the area and Miami-Dade County.

The first thing that comes to mind when many think of Miami is the fact that it is a spectacular vacation destination. With great beaches, history, weather, culture, and entertainment, people can visit and enjoy the city year-round. Residents enjoy many of the same activities as vacationers including lounging on the beach, playing golf, deep-sea fishing and scuba diving. Sports fans fill the metro area’s stadiums to cheer on professional basketball, baseball and football teams, while art lovers enjoy the premier Art Basel Miami Beach art fair as well as renowned art scenes in Wynwood and the Design District.

No State Income Taxes in Florida

One of the biggest perks of living in Florida is that there are no income taxes. All residents need to pay are federal taxes. This means that those living in Miami/ Fort Lauderdale can save thousands of dollars annually. Additionally, there are no taxes on Social Security or retirement benefits either.

Culture, Entertainment, and Nightlife

Miami is a true cultural melting pot consisting of residents from Cuba, Haiti, Central and South America, and the Caribbean. Its art, food, music, observances, and other cultural aspects are tightly infused within the city's character.

Miami is also filled with entertainment options, including a spectacular art scene, a wide variety of theaters, galleries, museums, and performing arts conservatories.

For those looking to get active outdoors, Miami offers lush parks perfect for jogging, playing sports, working out, yoga, boating, jet skiing and much more. Miami residents also have close access to Biscayne National Park as well as the 1.5-million-acre wetlands preserve, Everglades National Park.

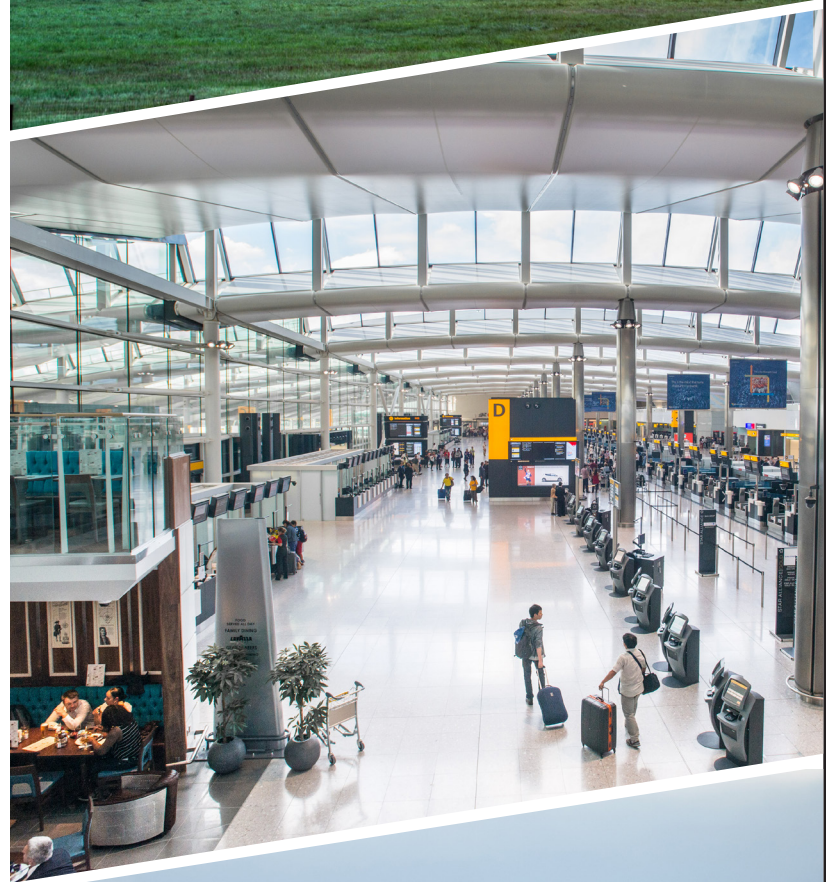

Miami's nightlife rivals any big city in the U.S. The city offers an impressive selection of oceanfront clubs, live music settings, hip rooftop bars, and world-famous nightclubs.

An Impressive Food Scene

As a result of its great cultural diversity and influence, Miami is home to a fantastic food scene.

In fact, in the most recent Michelin Guide report, the world's most famous international restaurant rating guide, Miami emerged with 10 one-star restaurants and one with a two-star rating.

Miami boasts many other authentic restaurants, including Spanish, Peruvian, Brazilian, and Colombian cuisine.

The Position

The Managing Principal is responsible for leading firm operations in the United States and reports directly to the company President. This position will aid in the development and promotion of the firm's vision, mission, core values, and long-range plans. The Managing Principle oversees and manages business operations and activities to enable the achievement of the firm's objectives.

The Managing Principal is responsible for business activity oversight, the establishment and implementation of plans, goals, and objectives, and the implementation of policies as established by the Board. This role will participate in creating and positioning the firm to seize opportunities for growth and marketplace expansion, with attention to profitability. He/she will support the entire project cycle, from identifying opportunities, securing business, and ensuring project development and quality standards. Delivering quality services is paramount. He/she should be capable of inspiring and managing high performing teams, establishing and providing a positive work environment, and garnering employee satisfaction.

The Managing Principle may also become part of the Board and enlarge his/her horizon to other offices, like the Caribbean and South America.

Minimum Qualifications

The successful candidate for this position will have graduated from a 4-year college degree with an architectural or design discipline. The individual will be licensed or maintain the ability to be registered as an Architect in Florida. The candidate will also have experience in projects regarding aviation facilities (such as design, project management etc.) among others, together with an available and accessible network of connections within the industry. Experience and training necessary to provide the knowledge, skills, and ability to perform the technical, professional, and administrative duties required of this position. The ability to speak Spanish is a plus.

Salary and Compensation

Salary Range – \$200K/Year to \$250K/Year.
Profit Sharing – Up to a 15% of base salary.

Other benefits:

- Health insurance. Including dental & vision.
- 100% of premiums are covered by the firm.
- Life Insurance and short-and long-term disability insurance.
- 401K plans.
- PTO and holiday leave.
