

MERCHANT AVIATION INVITES APPLICATION FOR PROGRAM MANAGER

To Be Based in the
DALLAS - FORT WORTH AREA

MERCHANT AVIATION
A GROUPE ADP COMPANY

Executive Search Service Provided By ADK Consulting & Executive Search

THE COMPANY

Merchant Aviation is a fast growing, full-service aviation consulting firm focusing on Airport Development initiatives with strategic and innovative solutions for today's result-oriented aviation decision makers. MAV's holistic approach to development of large-scale airport capital Improvement programs provides excellent passenger experience, enhanced operational efficiencies, and balanced capacity, all while maintaining and growing airport revenues. Our principals have worked at more than 50 airports around the world. Their experience includes strategic visioning, airport planning, design and construction, airline operations and financial feasibility studies.

Some of our noteworthy projects include the Dallas-Fort Worth International Airport as Master Planners/Master Architects, JFK Terminal 8 Redevelopment and Capacity Enhancement Project, JFK Aeronautical Area Improvement Program, Louis Armstrong New Orleans International Airport ORAT, Newark Liberty International Airport Long-Term Redevelopment Plan and Terminal A Replacement Program, La Guardia Airport Terminal Replacement Project, Seattle-Tacoma New International Arrivals Facility Planning Study, and San Francisco International Airport Domestic Terminals Redevelopment Plan, among many others.

Each team member brings over 30 years of diverse experience working with Airports, Airlines, and Regulatory Agencies. This experience translates to an acute understanding of navigating the multifaceted relationships between the FAA, airports, airlines and the passengers they serve.

THE COMPANY *(Continued...)*

In 2018, Groupe ADP (formerly Aéroports de Paris), acquired Merchant Aviation to strengthen their development, engineering and operations business in North America. This brings our clients best of both worlds - the unique, personalized services of a boutique firm (MAv), supported by world's largest airport operator (Groupe ADP) with global resources and expertise from our 28 airports around the world and ADP Ingénierie, a full service Aviation A&E firm with offices worldwide and more than 700 projects in 100+ airports around the world, including new Beijing Daxing International Airport, Dubai International Airport, Hong Kong International Airport, and Santiago de Chile International Airport, among many others.

THE COMMUNITY

This position will be based in the Dallas-Fort Worth metropolitan area supporting MAv's contract with the Dallas-Fort Worth International Airport.

DFW is embarking on a major expansion and renovation program, called the Central Terminal Area (CTA) expansion, including the addition of 9 gates on terminals A and C, the complete renovation of Terminal C, associated roadways and garages, as well as utility and airfield works. The program objectives are to transform 1970s terminal into a modern state-of-the-terminal for the 21st century to improve operations, enhance the customer experience and concession offerings, and opportunity for growth in the near term for DFW and American Airlines.

THE POSITION:

PROGRAM MANAGER

The primary responsibility will be to lead MAV Master Planner Master Architect contract at DFW under the supervision and coordination with MAV Principal in Charge. The Program Manager will be MAV representative within an integrated DFW PM/CM team. The Program Manager will be in charge to ensure that designs and construction are developed in accordance with the planning/programming work done under MAV's MPMA work for DFW with special focus during the design development phases.

The Program Manager will also represent MAV's South Central office and help to grow our practice in the region in the longer term.

POSITION QUALIFICATIONS:

- ☐ Be the Master Planner Master Architect local point of contact at DFW for any matter related to ongoing contracts and projects
- ☐ Organize, lead and coordinate the design and construction oversight role - organize and lead design reviews and comment resolution
- ☐ Organize and lead coordination between the various projects, designers, contractors and stakeholders - lead coordination meetings and tasks as required by DFW
- ☐ Support DFW in the organization and followup of stakeholder management- lead stakeholders' meetings and tasks as required by DFW
- ☐ Oversee the development of an integrated constructability approach, including phasing logistics etc.
- ☐ Support DFW in the overall oversight of cost and schedule to ensure budget and deadlines are met. Lead/coordinate as required value engineering efforts.
- ☐ Contribute to develop and lead program & design management processes
- ☐ Develop and implement a risk management approach to identify, report and advise on risks mitigation
- ☐ Coordinate the work and input of MAV partners and subconsultants
- ☐ Provide reporting to MAV VP operations and DFWstakeholders' meetings and tasks as required by DFW

REQUIRED SKILLS & QUALIFICATIONS:

- ☐ Senior Architect/Engineer with a proven track record in the management of major \$1 bUSD+ infrastructure programs during design and construction stages
- ☐ Senior experience in program management and design management
- ☐ Strong leadership skills
- ☐ Ability and track record to work with multiple stakeholders, contractors and clients and build consensus
- ☐ A high sense of accountability with an ability to work in a fast-paced environment, be quality oriented and have a desire to deliver high quality work on time and on budget
- ☐ Result oriented
- ☐ Strong teamwork and project coordination skills
- ☐ A willingness to travel to undertake short-term assignments
- ☐ Excellent communication skills (written and verbal) with ability to distill and present technical work to non-technical audiences and be fluent in English
- ☐ Proficient knowledge of Microsoft Office Suite including Word, Excel, PowerPoint and Outlook
