

Rhode Island
Airport Corporation

The Rhode Island Airport Corporation invites applications for
ARFF Deputy Chief

Rhode Island T.F. Green International Airport (PVD)
Warwick, RI

EXECUTIVE SEARCH SERVICES PROVIDED BY ADK CONSULTING & EXECUTIVE SEARCH

The Airport Corporation

The Rhode Island Airport Corporation was formed on December 9, 1992 as a semi-autonomous subsidiary of the then Rhode Island Port Authority, now the Rhode Island Commerce Corporation to operate and maintain the state's airport system. The powers of the corporation are vested in its seven-member board of directors, all of whom are appointed by the governor.

The Rhode Island Airport Corporation is responsible for the design, construction, operation and maintenance of the six state-owned airports; and the supervision of all civil airports, landing areas, navigation facilities, air schools and flying clubs.

Rhode Island T.F. Green International Airport (PVD), located in Warwick, is just 10 minutes from downtown Providence, Capital City of Rhode Island. The airport was named "4th Best Airport in the U.S." in Condé Nast Traveler's 2020 Readers' Choice Awards. PVD provides passengers with an array of transportation options via the InterLink, a hub connecting planes, trains, buses and cars to Providence, Boston and beyond. Its complement of airlines includes Air Canada, Allegiant Airlines, American Airlines, Delta Airlines, Frontier Airlines, JetBlue, Southwest Airlines, Southern Airways Express, Sun Country and United Airlines, with startup airline, Breeze Airways, recently announcing the selection of Rhode Island T. F. Green International Airport as one of only 16 debut network airports.

The Airport (*continued*)

In addition to Rhode Island T. F. Green International Airport, the Rhode Island Airport Corporation is responsible for five general aviation airports throughout the state: Block Island, Newport, North Central, Quonset and Westerly.

Block Island State Airport provides essential access to the offshore vacation retreat. Visitors from around the country are able to reach the island via New England Airlines which operates a small commercial passenger service between Westerly and Block Island.

North Central State Airport is located in Smithfield, close to several business/industrial parks, and serves corporate and recreational users within the Providence metropolitan area, while relieving general aviation activity from Rhode Island T. F. Green International Airport.

Quonset State Airport is a public use facility located on a peninsula that combines port, rail, road and air transportation facilities, and an extensive industrial park. It is home to both the Air and Army National Guard, who use the facility for training and aviation operations.

Newport State Airport is used by visitors, as well as local aviation enthusiasts and the Army National Guard. It serves the corporate community and visitors to the year-round festivals at Newport. The airport provides quick access for boat owners who harbor vessels in the nearby marinas.

Westerly State Airport fulfills several roles for the South County area, including corporate aviation service, extensive aircraft maintenance and repair and regularly scheduled air passenger service to Block Island.

The Community

Rhode Island has a population of 1.2 million people with Providence as the capital city. Providence is one of the **top 25 best places to live on the East Coast**, according to [U.S. News & World Report](#), thanks to its expanding job opportunities. Providence has a similar look and feel to other New England cities like Boston and New Haven, but it offers more affordable living.

It is home to Brown University and the Rhode Island School of Design, whose museum displays American art and silver. Nearby, 18th- and 19th-century homes line the streets of College Hill. Waterplace Park is the backdrop for the WaterFire art installation, which lights up the surrounding tidal basin most nights in the summer and for special events.

Rhode Island, the Ocean State, is loved for its many beaches, the historic city of Newport, famous for its Gilded Age mansions and cottages, and for the up-and-coming capital city of Providence, rich with culture and interesting dining. Visitors love the unspoiled Block Island, with its many beaches, stunning bluffs and cliffs and two historic lighthouses, which is easily reached by ferry from the fishing village of Point Judith. Other parts of the state are rich in history, farms, and beautiful outdoor getaways. And while it may be America's smallest state, with 400 miles of coastline and more than its fair share of the country's National Historic Landmarks, there is something for everybody. Because Rhode Island is so compact, base yourself in one location and within a week explore the entire state, you can easily see the state's key towns and cities and enjoy a sampling of its major attractions.

Warwick, home to the airport, offers so much to see and do in southern New England. Conveniently located in the heart of the Ocean State, Warwick provides easy access to all of the wonders of Southern New England. Warwick, which sits on gorgeous Narragansett Bay, is home to more boat slips, moorings, and marine services than any other community in the Ocean State and just minutes from the beaches of Newport and South County.

Rhode Island

T. F. Green International Airport

The Position

This is highly responsible work for the Aircraft Rescue and Firefighting (ARFF) unit of the Rhode Island Airport Corporation (RIAC). The ARFF Deputy Chief is a member of the RIAC management team, reports to the Vice President of Operations and Maintenance and is the primary training and administration support for the ARFF Chief. The Deputy Chief assumes all of the Chief's responsibilities in his or her absence, to ensure compliance with FAA regulations, NFPA standards and the Airport Emergency Plan. He or she is responsible for maintaining all mandatory ARFF training records in compliance with FAA regulations. The Deputy Chief oversees the development of standardized training and the establishment of safety and training policies, lesson plans, training guides, and performance competencies. He or she directs inspection of fuel farms and ensures vehicles are fueled and records maintained in compliance with NFPA standards. The Deputy Chief also directs and supervises service testing of ARFF apparatus and fire extinguishing systems. He or she works with building, airfield and the automotive maintenance divisions to ensure buildings, grounds and equipment are properly maintained. The Deputy Chief motivates, leads, commands and maintains proper order and discipline of unit employees and ensures the Airport passes required testing and inspections. He or she attends professional training to maintain awareness of trends in aircraft firefighting and rescue and recommends changes to the Airport's program as needed and must be able to plan and deliver associated fire rescue training. The Deputy Chief assists the Chief in preparation and delivery of performance evaluations.

The Ideal Candidate

The Ideal Candidate for this position will have a 4-year degree in fire science or a related field however, an Associate's degree will be considered. Also, 5 years' experience in a leadership role (Captain or higher) in an ARFF department is required. Experience managing Union employees is strongly preferred. He or she must possess an Emergency Medical Technician License, with the ability to obtain a Rhode Island license within 6 months of hire. The Deputy Chief must have NFPA 1001 (Firefighter I Level II) NFPA 1003, (Airport Firefighter) 1021, (Fire Officer) and 1041, (Fire Service Instructor) certification or equivalent. Also, the Deputy Chief must possess a certificate of completion of National Incident Management Systems 700, 100, 200, 300, as well as completion of NIMS 400 and 800.

The Deputy Chief must be knowledgeable of 14 CFR Part 139.315 through 321 and have thorough knowledge of NFPA standards as they relate to airport fire protection and firefighting. The successful candidate must be able to obtain a Rhode Island driver's license.
