Oakland, CA

Oakland has numerous innovation initiatives across all departments to enhance operations and the customer experience which will be implemented on a continual basis.

The Community

Located on the east side of San Francisco Bay, Oakland offers 19 miles of coastline to the west and magnificent rolling hills to the east, which affords it one of the most beautiful views in the world – a beautiful bay, the Golden Gate Bridge, and the majestic Pacific Ocean. Oakland, with a population of over 400,000, is the seventh largest city in the state of California and covers 54 square miles. Oakland is developing rapidly, with over 10,000 housing units recently completed or under construction and thousands more advancing through the city's permitting process.

Within its borders, Oakland features well-kept neighborhoods, a progressive, dramatically growing downtown, and superior cultural and recreational amenities. The heart of the East Bay, Oakland is home to a wealth of activities and attractions.

The city is surrounded by sparkling bay waters and rolling hills dotted with redwood forests. Visitors can boat, bike and hike amid spectacular natural surroundings.

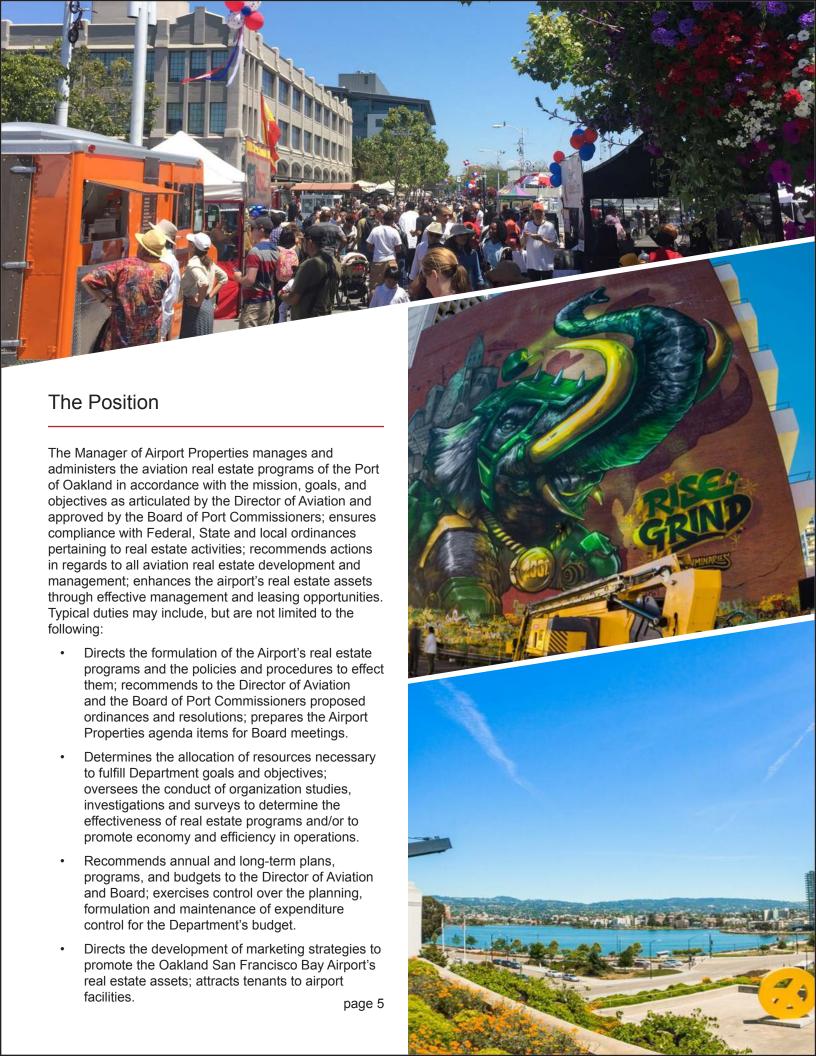

Designated as an All-American City, Oakland is the center of the East Bay trade area, and is rich in history, impressive growth and a promising future. It is a city of transportation, health care, government, sports, education, arts and culture. The 24,000-square-foot Oakland Asian Cultural Center is the largest and most modern facility of its kind in North America. The Oakland Museum of California (OMCA) is an interdisciplinary museum dedicated to the art, history, and natural science of California and is enjoyed by visitors and residents alike.

Oakland has seen a resurgence of restaurants to the area, and the Eat Real Festival, an annual celebration of good food with a focus on artisan food craft, street food, craft beers, local wines and delicious cocktails is a popular event in the community.

Some 80 different languages and dialects are spoken in the city, and a study conducted by the University of Wisconsin cited Oakland as being the most integrated city in the nation.

Recognized as a major transportation hub, Oakland is a city in which large corporate headquarters comfortably sit nearby traditional business and small shops.

With San Francisco Bay and the Pacific Ocean sitting at Oakland's doorstep, there is something fun and exciting for everyone who visits or resides in this cosmopolitan city.
