Santa Ana, CA

EXECUTIVE SEARCH SERVICES PROVIDED BY ADK CONSULTING & EXECUTIVE SEARCH

The Airport

Ranked #1 in Customer Satisfaction among Large Airports in the J.D. Power 2025 North America Airport Satisfaction Study for the second consecutive year, John Wayne Airport (SNA) is owned by the County of Orange and is operated as a self-supporting enterprise that receives no general fund tax revenue. The Airport serves more than 11.3 million passengers annually and reaches more than 40 nonstop destinations in the United States, Canada, and Mexico.

John Wayne Airport is a medium hub airport with approximately 300,000 commercial and general aviation operations each year, placing it in the top 30 busiest airports in the country. John Wayne Airport plays a unique and crucial role in the Orange County community providing commercial passenger and air-cargo service and is the primary provider of general aviation services and facilities. It is home to local law enforcement, air operations, and to medical/mercy flights. SNA is the gateway through which millions of passengers travel each year to their homes, their families, their vacations, and their businesses.

John Wayne Airport's Mission is
Connecting People, Places and Opportunities.

Vision: To be an airport of choice by creating exceptional experiences.

Orange County's aviation history is rooted in general aviation operations. In 1923, aviation pioneer Eddie Martin founded the airfield that ultimately became John Wayne Airport. Until 1939, the Airport operated as a privately owned general aviation facility. After serving as a military base during World War II, the Airport was returned to the County of Orange with the stipulation that it remain open to all types of aviation uses.

SNA is respected for its fiscally conservative management approach. The Airport currently has 198 positions, supplemented with staff from Orange County Sheriff's Department, Auditor-Controller, Human Resource Services, and County Counsel. Additionally, the airport contracts with the Orange County Fire Authority for Aircraft Rescue and Fire Fighting (ARFF) services.

The Airport (*continued*)

General Aviation

John Wayne Airport is the home base for more than 500 private general aviation aircraft, ranging from vintage biplanes to sleek corporate jets and helicopters.

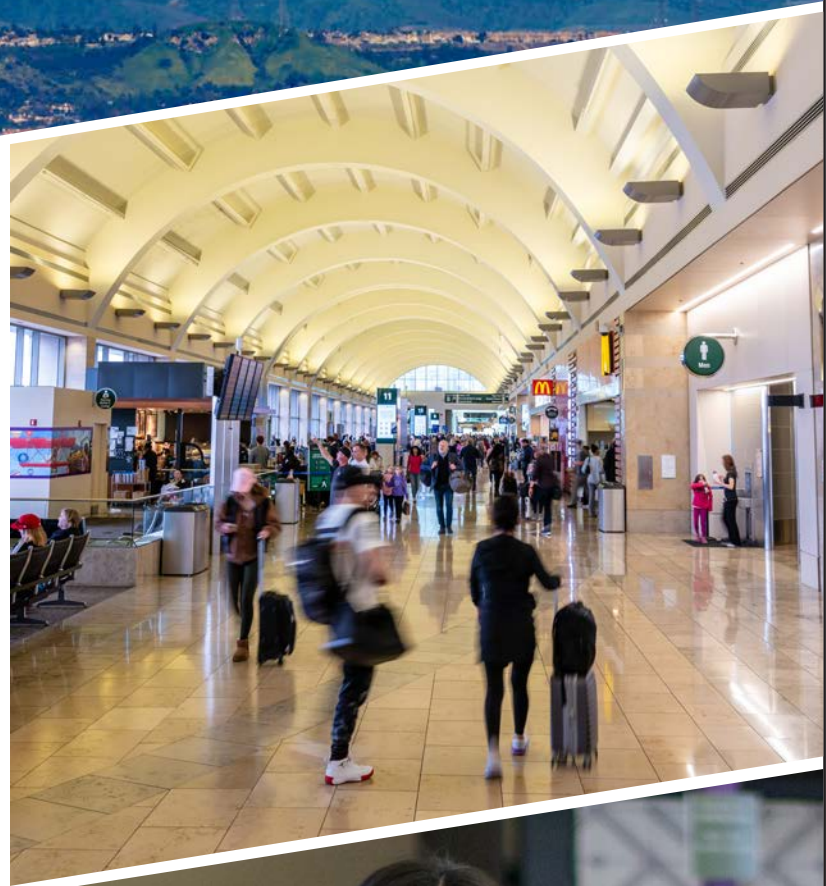

General aviation accounts for 70 percent (236,229) of the Airport's total aircraft operations. The airport is home to two full-service Fixed Based Operators (FBOs) and one limited-service FBO. The airport is also home to several fixed wing and helicopter flight schools. SNA is redeveloping all of its general aviation infrastructure supporting investment into modernizing FBO structures and spaces.

Commercial Air Service

Commercial air service is provided by most major U.S. carriers: Alaska, Allegiant, American, Breeze, Delta, Frontier, JSX, Southwest, Spirit, and United. International destinations are served by Air Canada, Southwest, and WestJet. Currently, these carriers serve more than 40 nonstop destinations. Commercial Air Traffic consistently serves over 11 million passengers, with strong load factors (up to 90%).

SNA is also served by two cargo airlines—FedEx and UPS. In CY 2024, Air Cargo exceeded 35.78 million pounds.

SNA supports a superior guest experience through programs such as [Helping Hands](#), [AirPaws](#) (therapy dogs), [Terminal Music and Arts programs](#), special events, and the [OC AirPASS](#).

The Airport (*continued*)

Facilities

With two runways, an airfield, three terminals, four parking garages, a central utility plant supporting facilities on over 500 acres, SNA maintains over \$1.2 Billion worth of facilities and assets. The Thomas F. Riley Terminals (A, B, and C) total 730,505 square feet, with 22 gates. These terminals are retrofitted to survive an 8.0 earthquake.

Airport Development and Improvement

Progress is happening at John Wayne Airport! Utilizing operating revenue, grants, and other funding sources, the Airport has embarked on a substantial \$700 million [Capital Improvement Program \(CIP\)](#) to modernize, upgrade and keep our facilities in excellent operating condition for years to come. The phased CIP includes new baggage handling systems, elevators, escalators, lighting, and signage; improvements to parking structures, runways, and taxiways; Common Use Passenger Processing System (CUPPS), a central utility plant and electrical distribution infrastructure, terminal and airfield security, and a stormwater management system; and electric vehicle charging stations.

Through the [General Aviation Improvement Program \(GAIP\)](#), JWA is also redeveloping general aviation facilities, FBO's, hangars, tie downs, and related support infrastructure to better support general aviation community.

The terminal experience will also be improved with the redevelopment of 80% of its retail and food concessions. These new tenants will include a blend of local concepts that reflect the vibrancy of Orange County's dining and retail scene, along with top-tier national brands.

Terminal Concession Tenant redevelopment projects as well as the CIP and GAIP will be happening concurrently over multiple years. The combination of these concurrent and overlapping programs creates exciting challenges and opportunities.

The Community

Whether it's beach towns or theme parks, all framed by stunning coastal views and luxury yachts, Orange County stands out as one of the nation's most iconic destinations. With a population of over three million residents, and 34 cities, Orange County is the sixth largest county in the United States.

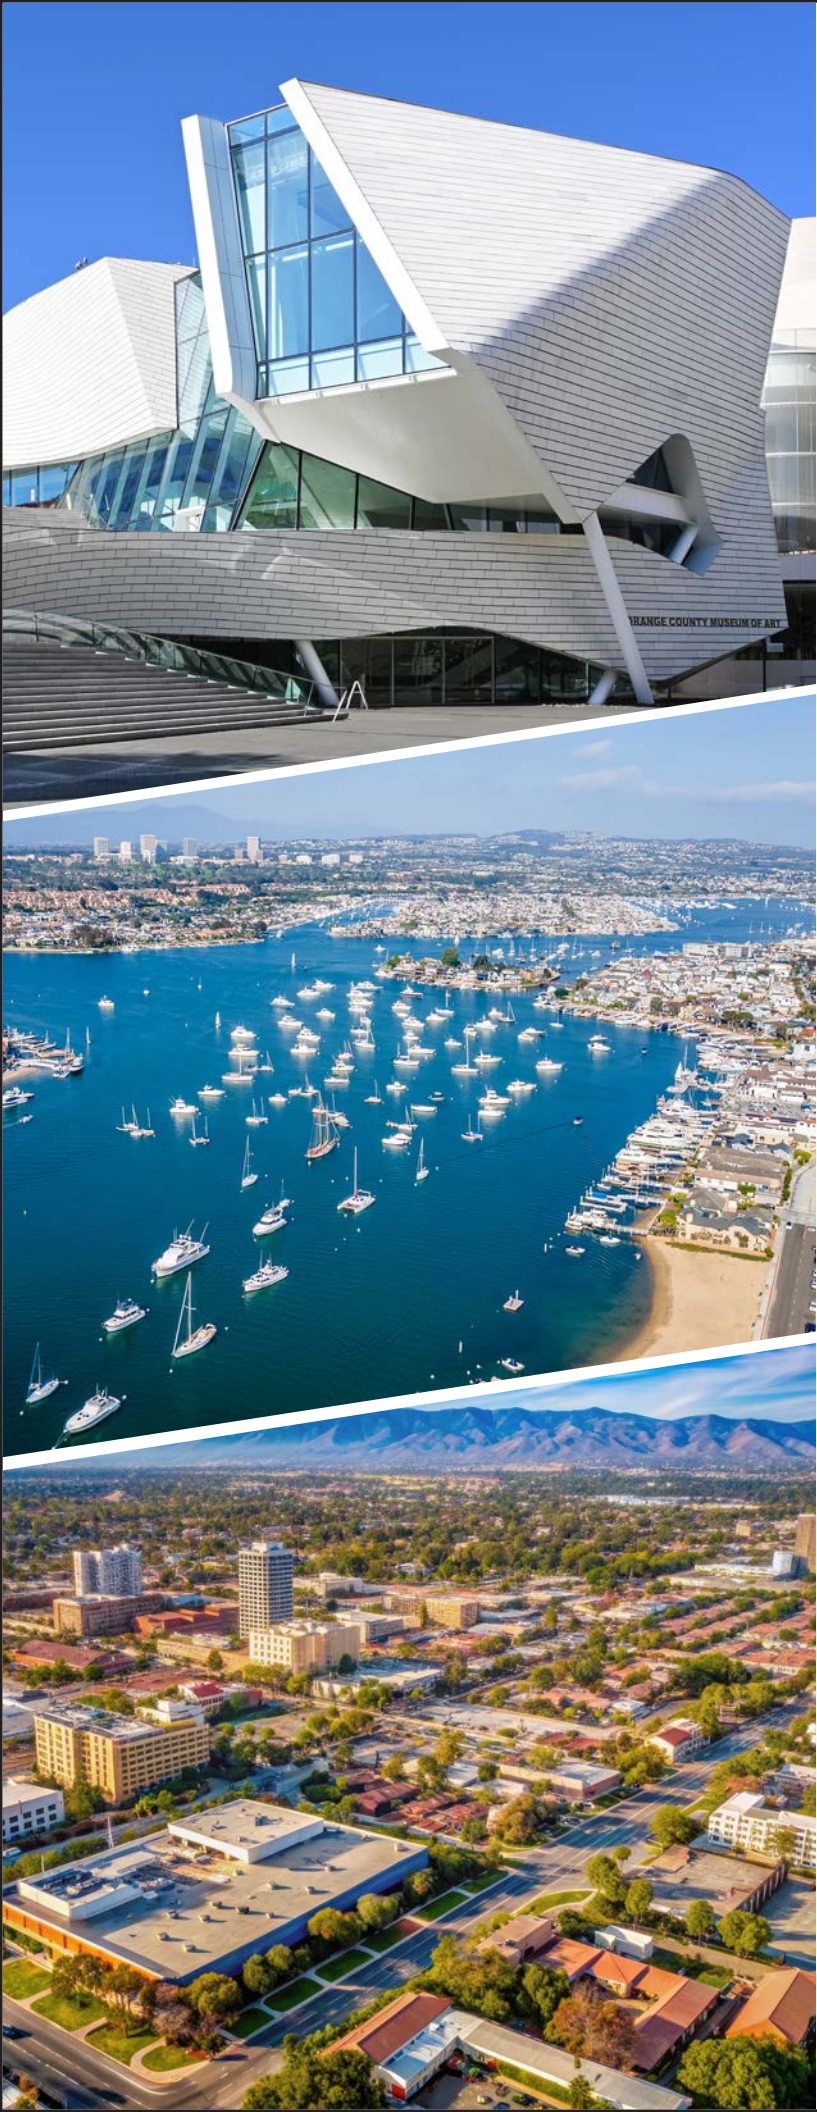

Orange County features excellence in education, a low crime rate, a wide variety of businesses, and unlimited recreational opportunities. Orange County offers a high quality of life and a nearly perfect climate year-round. Residents enjoy over 42 miles of pristine beaches, three major harbors, vast wilderness parks, beautiful nature preserves, and approximately 402 miles of riding and hiking trails. It is also part of the broader dynamic southern California region. Where else can you surf and ski in the same day? Visitors and residents alike have an opportunity to enjoy an abundance of world-class shopping, dining, and resort accommodations. This county is rich with top-notch universities and colleges, some of the highest quality public and private schools in the nation, and many corporate headquarters and technology firms.

With 280+ days of sunny weather per year, Orange County is perfect for golfing on world-class courses, hiking, and mountain biking. Many world-recognized entertainment venues, convention centers, and attractions (Disneyland, Disney California Adventure, Knott's Berry Farm), and major sports teams (Anaheim Angels and the Anaheim Ducks) call Orange County home.

From fishing to yachting, water sports of every kind abound on the beaches and in the harbors and marinas that dot the Orange County coast. Orange County's regional park system consists of 39,000 acres of 25 urban and wilderness parks. Orange County is also home to multiple sports parks with dedicated facilities for soccer, baseball, softball, swimming, and football. Dining and food options include chef-driven restaurants, farmers markets, boba tea shops, and taquerias. Orange County embraces vibrant, historic, and diverse neighborhoods and welcomes millions of visitors per year, truly making it where the world comes to live, work, and play.

John Wayne Airport is centrally located, adjacent to the 405, 55, and 73 freeways providing access to diverse housing options in cities such as Irvine, Costa Mesa, Tustin, Fountain Valley, Huntington Beach, Santa Ana, Orange, Lake Forest, and Mission Viejo.

The County Government

Orange County is a Charter County governed by a five-member Board of Supervisors elected to four-year terms. The Board is supported by a group of dedicated, public-spirited individuals and together, they comprise a regional service provider and planning agency committed to maximizing resources and improving the quality of life for residents in Orange County. The 22 departments that make up the County government strive to make Orange County a safe, healthy, and fulfilling place to live, work and play, by providing vital services to the community. The County's core businesses are public safety, public health, environmental protection, regional planning, public assistance, social services, and aviation.

Position Overview

John Wayne Airport (JWA) is seeking an accomplished Capital Projects Manager – Airport Project Programming to oversee the planning and delivery of its multi-year Capital Improvement Program (CIP), a \$700 million investment in the Airport's future. Reporting to the Planning and Development Deputy Airport Director, this leader will guide a team of project managers responsible for advancing infrastructure initiatives that enhance safety, efficiency, and sustainability across the airport campus.

About the Role

The Capital Projects Manager – Airport Project Programming will direct the development, programming, and execution of projects that strengthen JWA's airside, landside, terminal, and utility systems. This role requires strong technical expertise, strategic oversight, and the ability to coordinate across multiple disciplines to deliver high-value projects that align with organizational priorities and FAA requirements.

JOHN WAYNE AIRPORT
ORANGE COUNTY

Key Responsibilities

- Manage JWA's seven-year CIP, including project planning, prioritization, and budgeting
- Oversee major airfield, terminal, and facility infrastructure projects
- Ensure projects meet safety, regulatory, and operational goals while staying on schedule and within budget
- Coordinate with internal divisions and external stakeholders, including FAA, consultants, and contractors
- Review and approve project scopes, cost estimates, and funding strategies
- Prepare detailed reports, briefings, and analyses to inform executive decision-making
- Support FAA grant processes and ensure compliance with federal and county guidelines
- Identify and recommend infrastructure improvements based on stakeholder input and operational needs

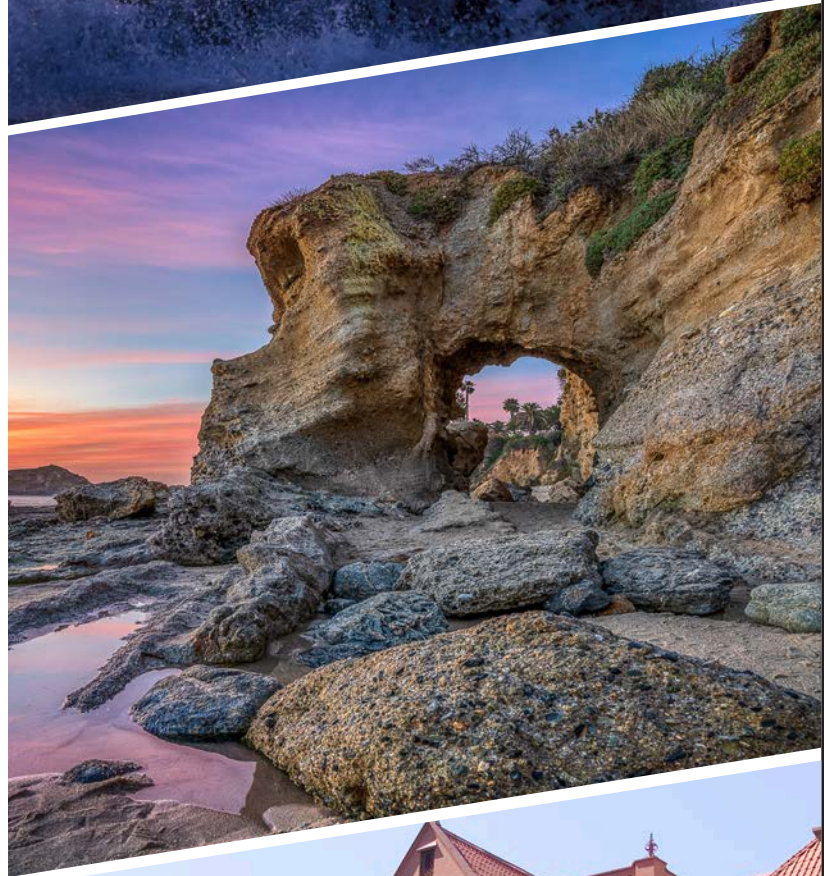

Leadership Qualities and Style

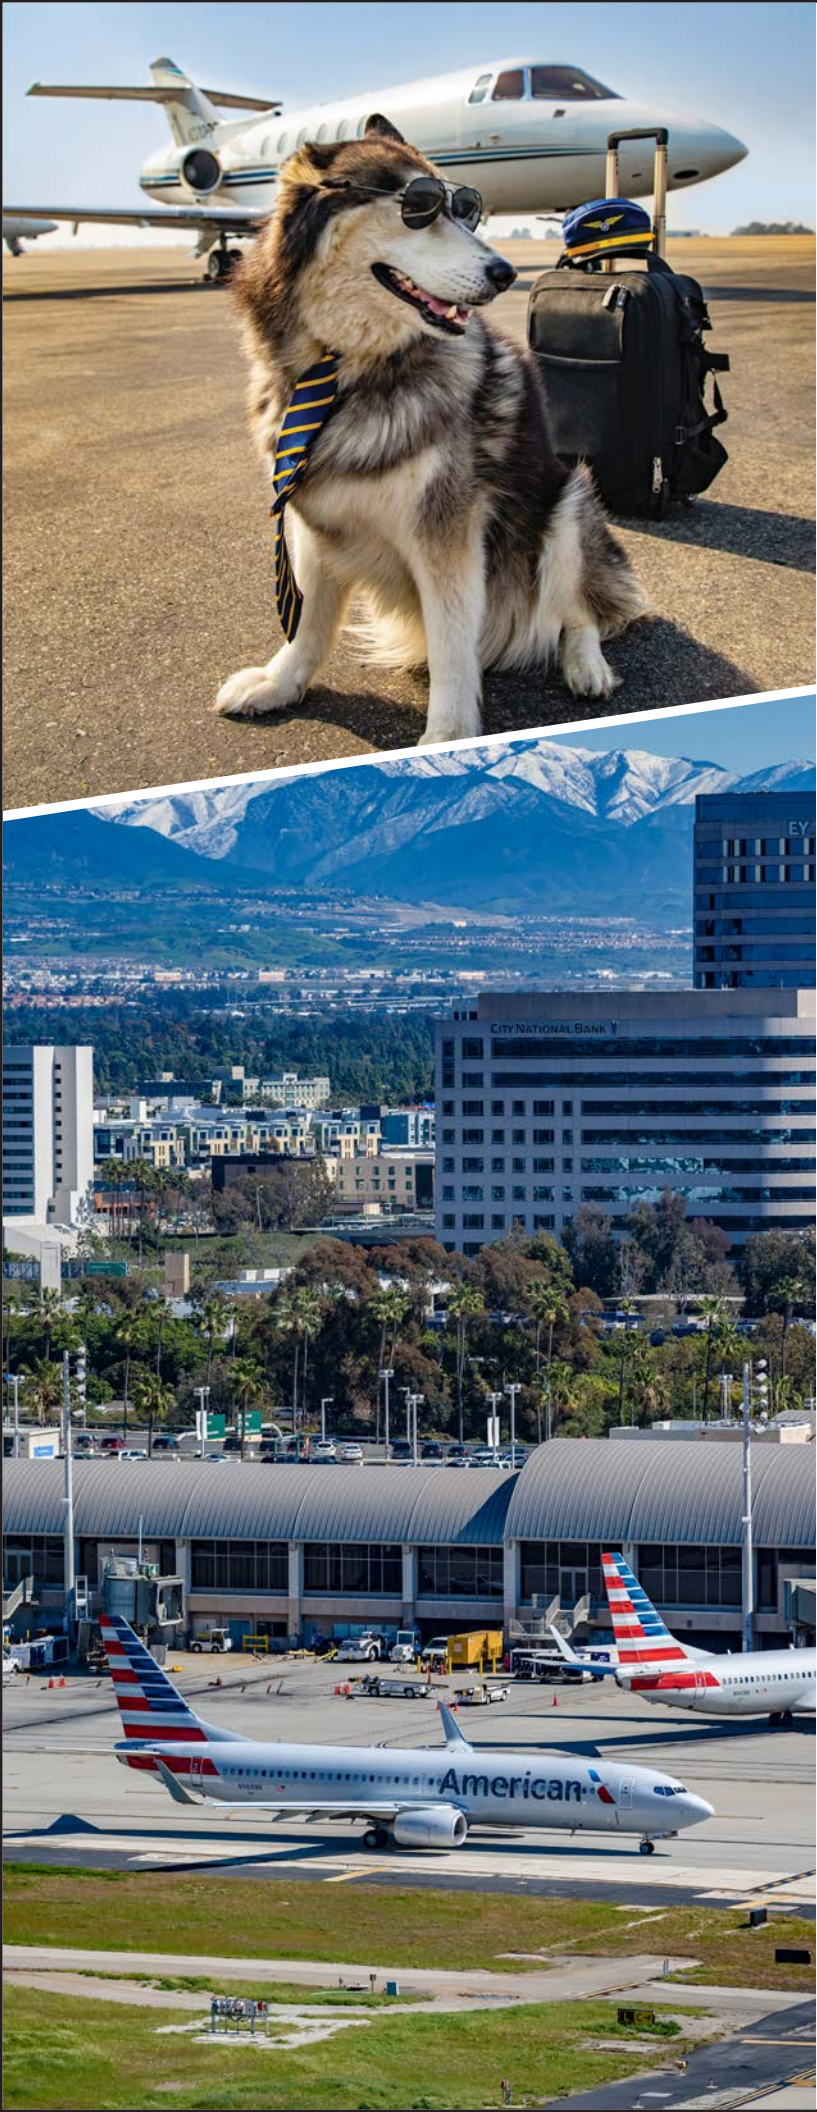

The successful candidate will demonstrate:

- Collaborative and inclusive leadership with the ability to motivate diverse teams
- Sound judgment, integrity, and accountability in decision-making
- Strong communication and presentation skills across technical and executive audiences
- A forward-thinking, solution-oriented approach to complex challenges

Desirable Qualifications

- Seven (7) years of progressive experience in capital improvement programming, project management, construction, or engineering, including one (1) year in a supervisory role
- Three (3) years of experience in an airport environment preferred
- Bachelor's degree in civil engineering, architecture, construction, aviation management, or a related field (master's preferred)
- Registration as a California Professional Engineer would be preferred but not essential.
- Ability to obtain a California Driver's License and an Airport Access Badge with Driving Endorsement.

Salary and Benefits

The annual salary range for the incoming Capital Projects Manager - Airport Project Programming is \$116,251 - \$161,012; placement within this range is dependent upon qualifications and internal parity. For additional information about Orange County benefits, visit: <https://hrs.oc.gov/benefits-prospective>. Relocation assistance is available.

How To Apply

It will be necessary for all interested parties to apply to both the ADK website and through the County of Orange's website. Links to both websites are included below:
